A period is allotted for oral public comment on September 28 after DHS officials provide briefings on each

issue listed below and prior to the members making their recommendations. Speakers are asked to pre-register as such, and to limit their comments to three minutes or less. Please note that the public comment period may end before the time indicated, following the last call for comments. To register as a speaker, contact the person listed below.

FOR FURTHER INFORMATION CONTACT: Mary Hanson, HSSTAC Executive Director, Science and Technology Directorate, Department of Homeland Security, 245 Murray Lane, Bldg. 410, Washington, DC 20528 , 202-254-5866 (O) 202-254-5823 (F), mary.hanson@hq.dhs.gov

SUPPLEMENTARY INFORMATION: Notice of this meeting is given under the Federal Advisory Committee Act (FACA), 5 U.S.C. App. (Pub. L. 92-463). The HSSTAC was established and operates in accordance with the provisions of the FACA. The committee addresses areas of interest and importance to the Under Secretary for Science and Technology, such as new developments in systems engineering, cyber-security, knowledge management and how best to leverage related technologies funded by other federal agencies and by the private sector. It also advises the Under Secretary on policies, management processes, and organizational constructs as needed.

The HSSTAC will meet for the purpose of receiving introductory and administrative briefings and to receive briefings on the following issues: How Technology can Address Homeland Security Challenges; Accelerating Innovation Through Systems Analysis; and Leveraging Industry for Impact. Members will discuss and deliberate various approaches and responses, hear comments from the public, the recommend next steps to address these issues. At the end of the meeting and following input from the committee, Department officials will prioritize the issues discussed and provide direction to the committee.

The Federal Advisory Committee Act requires that notices of meetings of advisory committees be announced in the **Federal Register** 15 days prior to the meeting date. A notice of the meeting of the Homeland Security Science and Technology Advisory Committee was published in the **Federal Register** on September 13, 2012, 14 days prior to the meeting. This one-day delay in notification was caused by an unusual and unanticipated delay in inter-office mail.

Although the meeting notice was published in the Federal Register one day late, committee members and other expected attendees were notified directly through phone calls and emails.

Dated: September 21, 2012

Mary Hanson
Executive Director, Homeland Security Science and
Technology Advisory Committee
